## Bulk Voice SMS Bangladesh

Over 90% of Bangladeshi population being non-English speaking, marketers choose bulk voice SMS or outbound dialer as a solution to reach the customers in their regional language. And the trend is only set to become global. Voice SMS is the top next generation SMS based application, and given the simplicity, cost-effectiveness and non-intrusive nature of voice call broadcasting it's become a big marketing opportunity for businesses worldwide.

### **Use of bulk SMS and bulk VOICE CALLS for Election campaigns**

There are many political parties and elections campaigns that need the most efficient communication too. They require a tool that is capable of reaching out to many people in a very short time stress free.

The system must not have any difficult to manage systems that will leave room for errors or unreliability. If you are looking for this kind of system, then sms gateway provider is what you are looking for. It is very appropriate and reliable and gives the best results you need.

## **What's Bulk Voice Call Marketing?**

Bulk voice call advertising refers to just what it sounds – sending out pre-recorded audio messages as voice SMS to landlines or mobile phones anywhere in the world. Bulk voice SMS service uses simple communications technology to shoot recorded voice messages to hundreds or even thousands of call recipients within a matter of seconds and also gather touch-tone inputs from the end-users to measure the response of the bulk voice SMS campaign.

## **Why Voice SMS System?**

Bulk voice SMS solution is advantageous because it helps businesses in lead generation: Voice calls are also most cost-effective in comparison to the traditional mailers. Voice messaging services can be used for customer surveys, mobile marketing, stock alerts and other reminders. Voice messages can be sent in regional language that users can relate to.

## **Payment Procedure:**

- 100% advance payment
- Payment will go to "It Solution Bangladesh" account pay check or cash.
